

Let's have real *coffee with βίος-SBSCy* at one of the most remarkable venues in Cyprus: the UCY Library!

March 21st at 5pm in LRC 012
in the Library!

AN IN-PERSON EVENT

βίος-	
Society of	
Biological	
Sciences	
in Cyprus	

A presentation by **Dr Athos Antoniadis**

Let's have our first coffee together in 2024 at an in-person event on Thursday March 21st at 5pm in the LRC012 auditorium of the Library at the Univ. of Cyprus new campus (<https://library.ucy.ac.cy/>)

Presentation by Dr Athos Antoniadis

CEO and Head of Research at Stremble Ventures LTD

Title: "Scientific leadership in international projects and opportunities to collaborate with a Cyprus-based Biotech company"

Athos will showcase international projects in which his team is involved:

- *Comfortage*, a 20m euro project (Horizon) of a consortium of 39 European partners, focusing on dementia and frailty;
- *Cardiocare*, a 6m euro project (Horizon), studying cardiotoxicity induced by breast cancer treatments;
- *Myeloma- Risk*, an ERC-PoC project where a novel approach to analyzing somatic mutations yields promising results in the prognosis of disease progression;
- *CyprusGenome.org* - A project led by Karaiskakio Foundation and CSHM on the genetic characterization of the Cypriot population;
- *The Cyprus Intestinal Health Study* - A clinical study that identified novel biomarkers for Colon Cancer in the Cypriot population.

Athos will also present opportunities for research positions that will be becoming available.

Q&A and discussion

Coffee and refreshments will be served!

See you there (and please come on time)!

Follow the signs to the LRC012 auditorium from the entrance of the Library at the University of Cyprus !
